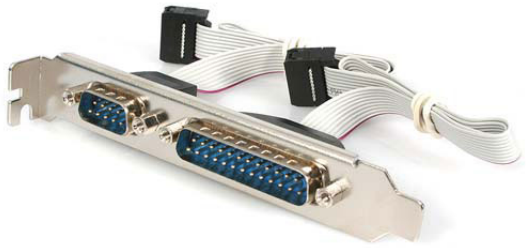
9 Pin & 25 Pin Serial to 10 Pin IDC Header Slot Plate Adapter

StarTech ID: PLATE9M25MB



This serial Expansion Slot Plate connects to 10-pin IDC motherboard connectors to add one 9-pin serial (DB9) and one 25-pin serial (DB25) port.

The expansion slot plate requires only a single expansion slot on the computer rear panel, saving space while allowing simple connections to serial devices.

Applications and Solutions

- Add two additional serial ports to a PC

Features

- Provide one 9 pin and one 25 pin serial port
